

PRESSURE SENSORS & MICRO-ELECTRONICS

METALLUX SA

THE COMPANY
ELTEK GROUP
OUR ATTITUDE
APPLICATION-
DRIVEN
PRODUCTS

PART OF YOUR SUCCESS STORY

METALLUX SA – THE COMPANY

Metallux is a Swiss leader provider worldwide in the fields of

- **pressure sensing solutions**
 - customized pressure sensors
- **electronic circuits realization**
 - thick film technology
 - micro-electronics
 - chip-and-wire
 - surface mounting technology
 - multi-layered ceramic circuits
 - hybrid circuits

Premises in **Mendrisio, Switzerland**

Turnover 2016: 24.6 MCHF

Turnover 2015: 23.5 MCHF

120 employees

Part of **Eltek Group** since 2006

METALLUX
part of ELTEK GROUP

ABOUT ELTEK GROUP

ELTEK
GROUP

Italian multinational group

- 1'100 employees
- 138 M € aggregate 2015 turnover

• Five divisions

- Automotive
- Appliance
- Medical
- Biomed and Nanotech
- Sensing and electronics 

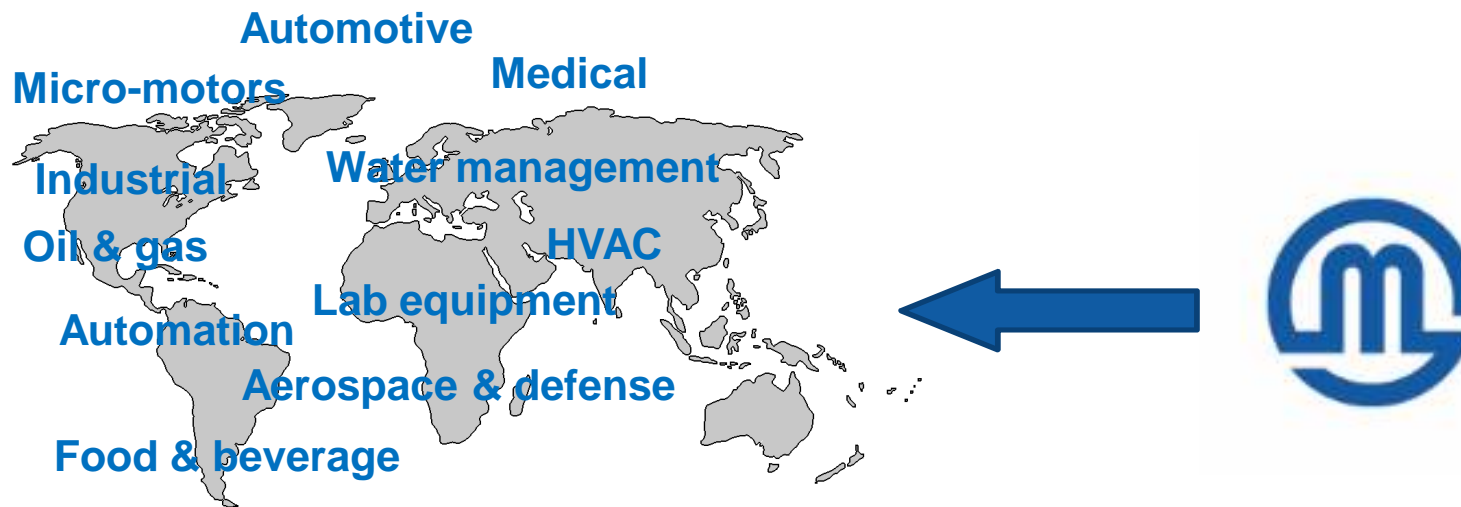

• Six manufacturing plants

- Two in northern Italy (HQ Casale Monferrato and Hone)
- Bielsko Biala, Poland
- Yantai, China
- Jundiai, Brazil
- Metallux, Switzerland

BACK TO METALLUX...

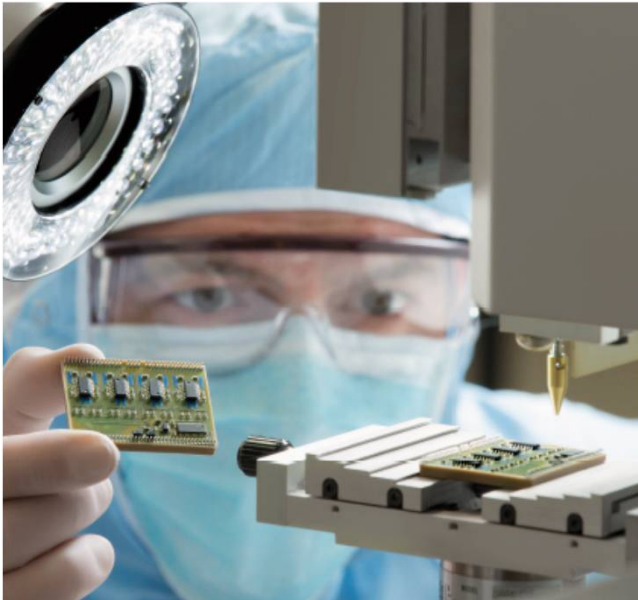

Metallux provides pressure sensing solutions and electronic circuits for Eltek Group and **many other customers worldwide**

... you name it ... !

THE METALLUX ATTITUDE

“PART OF YOUR SUCCESS STORY”

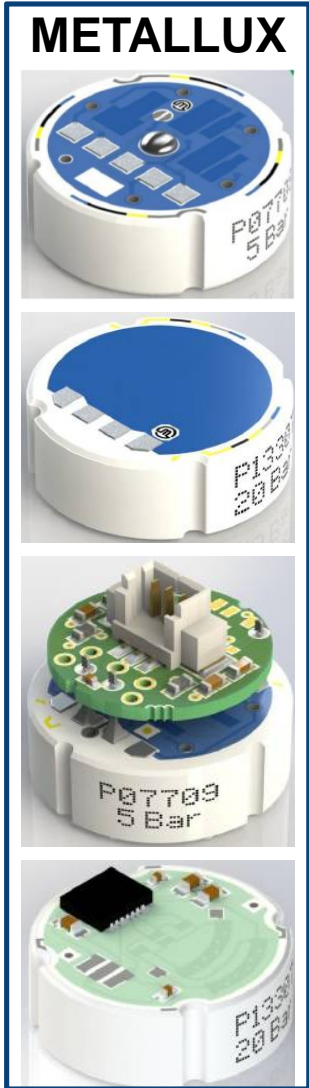

Rather than standard products, Metallux is focused on
engineering, development and processes

We aim to be a **contract manufacturer**, providing **customized solutions**

METALLUX
part of ELTEK GROUP

APPLICATION-DRIVEN PRODUCTS

Producers of transmitter, switches,
OEM solutions

END CUSTOMERS

APPLICATION-DRIVEN PRODUCTS

Pressure sensing – Other examples

Customization

Ceramic pressure sensors

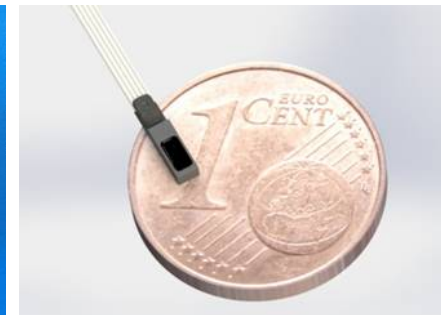

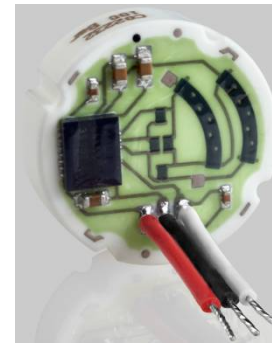

Steel sensors

Microsensors

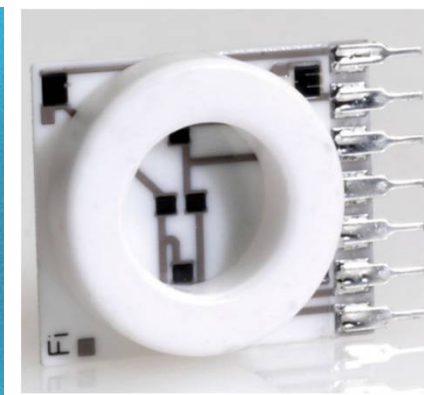

Smaller diameters

Differential

... and more

9 mm diameter

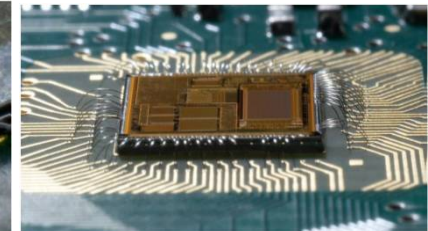

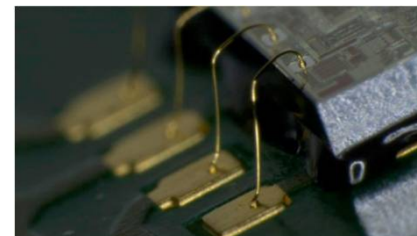

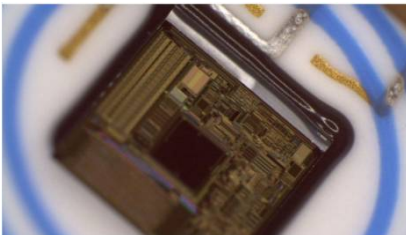

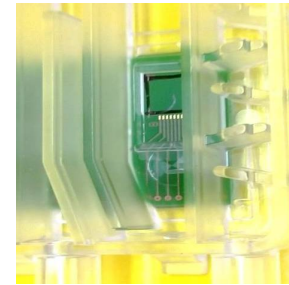

APPLICATION-DRIVEN PRODUCTS

Electronic circuits realization

On-demand electronic circuits realization

- Thick film technology
- Die attach
- Ball and wedge bonding
- Chip-On-Board
- Surface Mounting Technology
- Encapsulation
- Multi-layered circuits
- Hybrid circuits
- Miniaturization
- Assembly on various substrates: Al_2O_3 ceramic, stainless steel, sapphire, FR4, Flex

THANK YOU FOR YOUR ATTENTION
